

PHOENIX
BLUE LINE

MANEUROP

CONDENSER BASE

TYPE: SIMPLEX

FORM: OUTDOOR

CONDENSER: INCLUDED

DESIGN

- Condenser base fan in standard or reverse flow
- Condenser fan sizes (250,300,400,500 and 630)

ENERGY SAVING OPTIONS

- Soft starters to reduce the compressor starting current for gensets or solar systems.
- EC fan option for low-noise and floating head pressure savings

QUALITY

- Bases manufactured in epoxy coated mild steel
- Manufactured under strict ISO9001 quality management

VERSATILE

- Wide range to suit any application
